COMMUNIQUE (first quarter 2014)

The year 2014 will mark HQA's 10th year of Reporting on clinical quality and as a result of the good foundation that has been laid, especially over the last three years, HQA's members can now look forward to receiving their results more conveniently, more frequently and more timeously.

Details of HQA's enhanced services together with the 2014 Participation Letters will be made available to you shortly.

I am looking forward to be working with you this year on the very important matter of clinical quality measurement and improvement.

Kind regards,

Louis Botha
